**2. Planning Application Form re trees**

The meeting was attended by several members of the public, and our Tree Officer Mr Roy Bailey. Cllr. Thomson explained that he and Mr Bailey had met with Mr Simon Proctor on site for discussion. After informing everyone of the result of the meeting, and providing photographs of the trees in question, Cllr. Thomson asked if the Council would be agreeable in allowing the public to speak on the matter. This was agreed unanimously. It was proposed that the information given be the basis of the planning application which the Clerk will submit. The proposal was seconded and agreed unanimously. It was thought that no fee would be required for the application but it was Resolved to permit a maximum spend of £170 should there be a fee, rather than delay the matter until the next meeting.

**3. Sand for Recreation Ground – Cllr Buckingham**

Cllr. Buckingham mentioned that he had been informed that building sand would not be suitable for the recreation ground and that beach sand would be needed. He also mentioned that the cost of this would be in the region of £84 + VAT but at the May meeting the Council had resolved to spend £50. It was agreed and Resolved by a unanimous vote to go ahead with the purchase of sea sand.
